

PRIVACY POLICY

Visionary International Accounting Firm (hereinafter referred to as “Visionary”) understands the importance of personal data provided by our clients, suppliers, etc. (hereinafter referred to as “Client”) and aims to protect such data appropriately. We have established and refine as necessary a control system for protection of personal data and handle the personal data of our clients properly and carefully in accordance with the following.

Treatment of Personal Data

1. Visionary does not gather or use the personal data of individuals who access this website without their consent.
2. When use of data has been consented to by a client in carrying on its business, Visionary utilizes such personal data only to the extent consented.
3. Personal data shall not be disclosed to third parties or processed through a third party unless it is consented to by the client. Nevertheless, Visionary may disclose personal data without the client’s consent in the following cases.
 - (1) Where Visionary receives a legal request from such public organizations as a court or the police, etc. in accordance with the laws and regulations.
 - (2) Where the disclosure of personal data is required to protect human life, human health or property when it is difficult to obtain the client’s consent.

Security Control Measures

In order to maintain the accuracy and security of personal data, Visionary carries out safety measures, including information security measures, and makes every effort to prevent the loss, damage, manipulation, leakage or unauthorized outflow of personal data and unauthorized access to personal data.

In addition, when improvements to the security measures are required, immediate action shall be taken.

Visionary has established its personal data rule and control system based on this policy and takes steps to review their content for improvement when required.

Compliance with Laws and Regulations

Visionary complies with the applicable laws and regulations in connection with the protection of personal data to accomplish protection of such personal data.
